

Douglas

FOOTREST XL

Our Douglas footrest can be used as a small chaise longue transforming your Douglas 3-seater or 4-seater sofa into a serious floater sofa. The footrest is also suitable to be used as an extra seat or as a table for books, magazines or a tray to put your coffee on. The look is like the sofa; classic with a square shape and a soft loose cushion. The discrete wooden legs makes the product look light and airy despite of the size of the footrest. NB: The 'crocodile' mounting and the triangle-receiver will be included in the box if you wish to mount the footrest as a fixed chaise longue.
